

The screenshot shows a web browser window with three tabs: 'index.php', 'login.php', and 'view.php'. The address bar contains 'View FB Password Result'. The main content area displays PHP code for connecting to a MySQL database. A large blue watermark 'http://vishnuvalentino.com' is overlaid on the code. The code includes a comment 'Change the MySQL configuration below' and two lines of code: 'mysql_connect("MYSQL_SERVER_ADDRESS", "MYSQL_USERNAME", "MYSQL_PASSWORD");' and 'mysql_select_db("MYSQL_DATABASE");'. The code is enclosed in a blue rectangular box.

```
1 <?php
2 /*
3 =====
4 Change the MySQL configuration below
5 =====
6 */
7 mysql_connect("MYSQL_SERVER_ADDRESS", "MYSQL_USERNAME", "MYSQL_PASSWORD");
8 mysql_select_db("MYSQL_DATABASE");/*
9 *****
10 END CHANGE
11 *****
12 */
```
